Institute-Industry Interaction Cell

Institution-Industry Interaction Cell is established to bridge the gap between the institute and industry and thus enhancing the relationship with each other. This cell identifies the industrial expectation and promotes institutional preparation for meeting industrial needs by facilitating sponsored R&D projects, seminars, workshops and various other industrial training programmes. The aim of the cell is to make an effective contribution to educational system identifying the gap between academic curriculum and need of the industry. The members of this cell are listed below:

Institution-Industry Interaction Cell Composition
